Tel No [REDACTED]

My daughter (4 yrs.) used to get cough & cold with every change in climate conditions & I'd to take her to her regular doctor at least once in 3 months. I'd taken medicine from Dr. Sunil Mehra for myself which had done miracles and that's why decided to try it on my daughter as well :) and to my surprise her cold & cough used to vanish in just 2-3 dosages. I'd heard that homeopathy is very slow and takes ages to cure any disease but thanks to Dr. Sunil that he has cured my daughter's illness so fast. Kids also love to take the pills which tastes like chocolates unlike other allopathy medicines. Thanks Dr. Sunil Mehra!!!
