My daughter Pari was continuously having Cold & Cough problem since 6 months. We tried visiting many doctors but no one could give an effective 100% treatment. Finally when we came to Dr. MENRA we were first introduced by him to process of healthy lifestyle. He guided us to follow the same for us and our child. Some basic things like getting cows milk reach us from his vendor was made possible by his efforts.

By bringing about these changes we observed improvement in our child's health in only 1 MONTHS time and the best part is that it sustained till today which is 5 months.

I N NUTSHELL VISIT HERE FOR

PERMANENT TREATMENT.

DEVELOP EFFECTIVE LIFESTYLE / TECHNIQUES.

PERSONAL TOUCH AS A HEALER.

TELE SERVICE WHICH IS MOST CONVENIENT.

ALL THIS FOR ONLY LONG WAITING TIME & I LOVE HIS PHILOSOPHY ON THAT ALSO. "YOU ARE WAITING FOR GOOD HEALTH, NOT FOR ME";
