

# Fissure

Name - DINESH YADAV Tel - [REDACTED]

Age - 33 yrs

I was suffering from problem of fissure it is first step of Piles. Piles is a advance stage of fissure. My fissure problem starts in NOV-14 at that time i don't know the complication of this problem but day by day increasing the pain while i am going to loo. Then i am searching on net about treatment and i knew about Dr. Sunil Mehra and i came to him my treatment started from end of NOV-14. After meeting Dr. Mehra i realised that my Diet structure is totally mess. Then i maintain my Diet structure as advised by Dr. and with the help of homeopathic medicines slowly slowly my fissure problem gets resolved. At present i don't have such kind of problem.

Homeopathic treatment is slow but it has permanent cure. It will guide you how to live your healthy life. And you have to control your Diet. Dr. Mehra is a wonderful doctor and his way of treatment is very good. Fees structure is also good and convenient. Treatment is good and no side effects are there.

ALL THE BEST TO DR. SUNIL MEHRA
