

Polycystic Ovaries -

Rachna Modrajani

Tel no [REDACTED]

I was suffering from a disease named cyst since past 9 yrs, firstly I tried getting treatment for the same from an allopathy doctor, but unfortunately there were no improvements.

Further, as suggested by one of my friends, I consulted Dr. Mehra and at the first meet itself I was convinced that I will recover soon.

I simply followed Doctor's suggested diet and took his medicines sincerely. Within few months my cyst reduced by 70-75%. Also my other health issues got sorted and I felt I am leading a very healthy life. My doctor gave me proper proper personal attention by keeping a track of each and everything I consume in a day. Also during the treatment he gave us immense knowledge of healing diseases by the means of yoga, Ayurveda, naturopathy and acupressure. As on today I don't have cyst at all and also my other health issues like Diabetes, hairfall, sleepless nights, skin issues are sorted.

I am grateful that Dr Mehra gave me such a good treatment backed by his honesty and sincerity in treating me. I would never get such quality of treatment from any other doctor
Thanks Doctor!

Rachana

Rachana Modrajani.

P.S :- My report as on 1st Feb 2010

was "No cyst / No adnexal mass."
