

(Pelvic Uretric Junction Obstruction

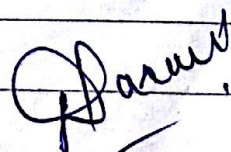

Name - Vijay laxmi Naidu

Tel/No

My mother V. laxmi Naidu she was suffering from kidney problem from last 10 years & in 1999 she was operated in Bhilai hospital. But after 5 years the pain on left side again started and after proper check up it was advised that she has to undergo with operation of kidney. We tried to reduce the illness with medicines & after ~~2~~ year again there was a severe pain in her left kidney occurred. The doctor has given final call for operation. But we came to Mumbai & went for homoeopathic treatment with Mr Sunil. After going through regular treatment of 1 1/2 year the last report of Renogram was satisfactory & doctor Dr. Manu Sobti Advice us that now her kidney is functioning well. And the remark that which we ~~were~~ make us really happy & satisfied was.

" No Need of operation "

We really thank to Dr Sunil who made this possible with proper medicines & guidances in such a small period of time.

Patient's Daughter.
