

Mumps -
Ashish Bhutda.

([REDACTED])

As I came to know about these disease first time in the evening by near by doctor & her confidence about cure about disease was not that good though I have taken medicine from chemist but in absence of confidence I have decided to come to Dr Mehra & within 3-4 days his treatment in fact more than treatment his way of treating me was excellent & now I have forgotten that even I had mumps.

I think for any patient more than medicine ~~his~~ confidence & way of treatment by Dr Mehra cures 70% to 80% disease.

Thanks for care.

Yours

Ashish Bhutda
