

Herpes Zoster 13/10/06
Paresh Vinchi
Bhayander

I had Herpes zoster on my left chest (skin) which was very painful. I came to Dr Sunil Mehra for treatment. Within 3-4 days I got relief in pain and even the pus infection was relieved within 4 days. I am totally free of all symptoms but still I am continuing to take treatment as the nerve pain can recur according to the advice of my doctor.

Paresh Vinchi.
