Hey I was suffering from (उद्वेग) for several months. I meet Dr. Sanjeev Kahana for this treatment. He gave me two months of treatment but I not well as. Then he told me to go to my student Dr. Sunil Mehra.

On 7/19/14 I came to Dr. Sunil Mehra and he told me first thing that you have to follow the treatment what I gave to you and I living in Visar that why he told me follow the diet chart. He told that you come from Visar you have to sit bus in train that why I gave you some extra dose.

By my treatment time he told that does not eat outside food and bad things. &

After few months I am better than he best. He explained me how eat daily food. How to maintain your food as well as health.
