

Stuti Kapoor. Tel No. [REDACTED]

My daughter is 7½ years old and she was facing skin allergy problem which was a big concern and finally a reason to come to a homoeopathic doctor.

After coming here, I came to know not only about allergy and its reasons and got the cure but also got to know about proper eating habits and pattern which is healthy and good for every individual.

Doctor guided us about proper and healthy food habits and made us aware about our mistakes which we were making in giving ^{food} to our child.

Within a month lot of changes we made in our food habits and also medicine given by him cured my daughter.

I am really lucky to have got ~~the~~ right doctor at the right time !!

Thanx,

Shalu Kapoor.
