I would like to take this opportunity to thank the Dr. for his endless patience & grip of the illness that my father-in-law had. He was very convincing & persuasive & made the long bed rest much easier & tolerable. He was most easily available & I could call him any time without ~~hesitation~~ hesitation & ask him the minutest details. He was also considerate enough to send him me the medicines by courier also. His assistant was also always helpful. Dr. is indeed marvelous to see my father-in-law hale & hearty again. Whereas Allopathy treatment had recommended an operation (success of which was questionable !!), Dr. Mehra treated & cured my father-in-law with his medicines & little change in routine & lots of rest.

Thanking You once again
