

Slip disc.

TEL NO [REDACTED]

Narayan

Health is wealth, I realised this recently. I had severe back pain and approached Dr. Sunil Mehra. After examining he told me that it is Slip disc/Sciatica. He advised me complete bed rest and also advised me the do's and don'ts. Dr. Sunil Mehra used to take Feed back from me on daily basis.

Most important issue in the treatment is Dr. Sunil Mehra's follow-up and strict nature, initially I was little disturbed but later on I realised that it was in my favour and for fast recovery.

I was highly impressed by his method of treatment. He is always available on phone for any problems. He used to guide me on phone and this helped me a lot.

I am grateful to Dr. Sunil Mehra I have almost recovered from my severe back pain and resumed my official duty.

Kindly follow Dr. Mehra's advise strictly for early recovery.

Thanks

Narayan Bannurko
