

Trigger Finger  
Neelam Chopra.

Visited Dr. because of my trigger thumb.  
I could not fold my left thumb and once  
folded I had to open it with my other  
hand. (like - unlocking) But with Dr. Mehra's  
medicine only for 4 weeks I am 90% better.  
Doctor is very very cooperative and gives  
excellent advise on diet.

His assurance build a lot of confidence  
in me to continue the homopathy medicine.

He is a very very friendly and once  
you visit him you will automatically  
come to complete your treatment.

Now I can fold and open my thumb  
well.

Thanks to Dr. Mehra, I think now I  
will come here for all my ailments.

His clinic is open & I could walk  
in at any time without hesitation.

Now he has become a Dr. FRIEND.
