Respected Dr. Sunil Mehta,
words fail me to
thank you enough for the
superb gift you have given
to me in the form of my
now perfectly healthy daughter
'Kashika'. Hats off to you for
curing my daughter, who was
suffering from allergic bronchitis
since 2004. Now she is 75%
fine, and is studying in
class Ist.

Though we have
never met my daughter and me.
we had only telephonic
conversation. Your diagnosis are
amazing and very perfect.
Even the courier containing
medicine always reached on
time.

You are indeed, a

very knowledgeable doctor. you
are all sounder in every
field of medicine. I hold you
in high esteem. you are
'God Gifted man' for my
child. your fees is very
nominal. your clinic's staff
and your family (my uncle
and aunt) are also very
polite and attend me very
nicely on the phone. I
really thankful to all.

on your advice, I
never let my daughter have
any Junk food or Cold
drink.

I would like to
send a message to the
parents of your patient's having
some problems. Please faith
on him. ~~a~~ If you believe.

on him, you will get
good results ~~and~~ ~~and~~. If
you also nurse him as we
did, ~~the~~ child will also
achieve a good health and
get rid of her/his disease.
Debar your child from having
Kuekuan & Uncle chips
cold drinks too.

I think I have
said enough. Ending my letter
with lots of deep regards
to you.

yours truly,
Shelly Seth
