

Child, fever, cold, cough

DATE 18/12/08

Kavita Sundaresan.

I, the undersigned Mrs Kavita Sundaresan has been a regular patient along with my daughter Sonuisha and my husband Mr Sundaresan for treatment of chronic illnesses like cold, cough, throat, fever and stomach infection. We have been receiving utmost care and attention during all our regular visits. He spends a lot of time and very patiently tends to a sympathetic heart to all your problems. He has a magical touch i.e. no sooner you take the second or third dose you have almost fully recovered. His cheerful demeanour and charming attitude lures you towards Dr. Mehra. He is more a dietician than a doctor, I tell him jokingly. His medicines work wonders. People have a misconception that if one is having high temperature and severe infection one should only see an allopath and not an homoeopath. I would and can vouch that it is untrue. Only homoeopathy is very safe, effective and cures you from

the root.

I once again like to comment that Dr. Nehra is very kind, polite, sincere and dedicated. He gives the right medicine for the right ailment. His diagnosis is accurate and there is never a trial and error method in his treatment.

My sincere thanks to Dr. Nehra

Your faith patient:

Mrs Kavita Sundaresan.
