ANUPAM DUBEY (FATHER)

DEAR FRIENDS,

I AM PUTTING IT ON RECORD & SHARING MY EXPERIENCE WITH ALL OF YOU, WHO WILL READ THIS BOOK AND FEED BACK.

MY DAUGHTER IS ONE YEAR AND TWO MONTHS OLD. DURING HER INFANT DAYS, HER MOTHER NOTED THAT HER EYES WERE NATERY AND EYE LASHES USE TO STICK, WHEN SHE USE TO WAKE UP.

ONCE SHE STARTED GROWING, IT LOOKED AS A CAUSE OF WORRY FOR ALL OF US IN THE FAMILY.

WE SHOWED HER TO A CHILD SPECIALIST. TREATMENT WAS ON BUT NOTHING WORKED. NO RESULTS AND THE PROBLEM CONTINUED.

MY WIFE'S BOSS SUGGESTED US TO VISIT DR MEHRA'S CLINIC AND TRY HIS HOMOPATHIC TREATMENT.

DURING THE VISIT IN OUR FIRST MEETING DR ASKED US THE COMPLETE BACKGROUND AND VARIOUS QUESTIONS.

HE HAD ALSO SAID HE WANTS TO CONVERSE WITH US ^{ON} PHONE REGULARLY AND ALL MINOR DETAILS SHOULD BE GIVEN TO HIM DURING THE COURSE.

[SABAR KA PHARL MEETHA HOTA HAI!] PATIENCE PAYS!

TREATMENT STARTED AND DURING THE FIRST MONTH WE COULD FEEL ANMOL'S EYE WAS LOOKING BETTER.

ONE FINE DAY, DURING THE SECOND MONTH, ONE MORNING WHEN ANMOL GOT UP HER EYES WERE WIDE OPEN. THE STICKY SUBSTANCE HAD DISAPPEARED.

A MIRACLE HAD HAPPENED. IT WAS ONE OF THE HAPPIEST MORNING IN OUR LIVES. LONG LASTING ILLNESS HAD GONE.

See below Next page

"ALL OTHER DOCTORS HAD SUGGESTED
FOR A MINOR SURGERY.
DR. MEHRA HAD SAID IN THE
BEGINNING THAT BE PATIENT, FOLLOW THE
NORMS AND I AM SURE IT WILL BE CURED
WITHIN NO TIME.

MY DAUGHTER IS FINE AND ALWAYS
SMILING. SHE USE TO LOOK SICK BECAUSE OF
THE STICKY EYE.
THIS TREATMENT NOT ONLY CURED HER EYE,
HER SEVERE COLD AND COUGH ALSO VANISHED
WITH THE TIME.

DR. WAS VERY COOPERATIVE, ALL HIS
SUGGESTIONS AND ADVICE WERE THE BEST FOR
KID'S HEALTH.

MERTING WAS A BOON, TREATMENT
WAS A BLESSING. DR. MEHRA WAS THE SOURCE
TO MAKE IT ALL HAPPEN !!!

I AM SURE DR. WILL KEEP DOING SUCH MIRACLES
AND EVERY ONE WHO COMES HERE, IF HE IS
PATIENT AND WILLING, WILL SURBLY GET RII
OF HIS MISERIES, HE WILL BE CURED AND
SMILING ALWAYS.

SICKNESS WILL NOT LAST, PROBLEM WILL GO AWAY,
INJURIES WILL HEAL, ONCE U VISIT & FOLLOW
"DR. SUNIL"

THANKING YOU DR. FOR ALL
UR HELP AND FOLLOWUP
BEST RDS
