This is a feedback from a parent and patient as well. My name is Manoj Gupta, age 40 yrs residing in Andheri East having a small family, ^{my} wife and two children, Sarvam & Rhythm.

We shifted our base from Delhi to Mumbai about 9 years ago and since then Dr. Sunil Mehra is our family doctor. We both are working and especially my job is too much demanding and mostly am out of Mumbai.

As every family has experience health crisis, so we and it is Dr. Sunil Mehra presence at all time, has given me a tremendous confidence that issues are been in the hands of the best Doctor, and will be resolved to the best possibilities and this confidence is getting reinforced day by day.

I strongly believe as a person, Dr. Sunil Mehra is a definition for the profession of a Doctor. He is honest, knowledgeable not only in homeopathy, but allied sciences as well, concerned about patient, excellent emotional support, counsellor, a responsible citizen of the country and on top of everything excellent sense of humour. Dr. Mehra is very very fair w.r.t. fees and recommendation for testing. I also would like to say, in last 9 years, I am quite successful in my career and I believe part of credit goes to our Doctor as well. ~~It~~ ~~was~~ ~~absolutely~~.

PTO

Suggestion: Dr. Sunil Mehra must develop atleast 100 more Dr. Sunil Mehra to establish not only Homeopathy but right practice and ethics w.r.t. medicine in the country. Many people are suffering from chronic diseases and Dr. Sunil Mehra has solutions.
