

My name is Ms. Hema Joshi

I just wanted to express my thanks and appreciation for the wonderful treatment and care Dr. Sunil Mehra ji has given me.

Before I came into his consultancy, I was very nervous and scared as I had a terrible back pain and did not know why. I was also suffering from migraine and throat problem.

Dr. Sunil Mehra ji was so kind and reassuring when I arrived which took away a lot of my apprehension. Next page.

He demonstrated his total commitment into caring for me when I was helpless with the pain I was going through. Soon I started his treatment and he gave me the support and encouragement I needed to recover, which meant so much to me.

Today, I can say thanks to the treatment he gave me, I am feeling much better and have almost recovered from my all problems.

I would like to thank him all what he has done for me. I would like to thank all the staff. Next page.

Massive thanks to all the staff that helped me specially Mr. Raju ji. I don't think I have ever seen so many smiles in a clinic before.

Once again Thank you Dr. Saril Mehra ji for everything 😊
