

Coccydinia Injury
Amrita Sahoo

I fractured my tail bone after a sudden fall from the stairs. The pain was severe & sustained. It was difficult for me to sit and to change from sitting to standing posture.

I tried consulting doctors, but the understanding given was that this is a problem that cannot be cured but the intensity will reduce over time, will recur during winters.

I used to consult Dr. Mehra for my son and had come over to collect his regular medicines when I mentioned about this problem to Doctor.

Mr. Mehra was of the view that the same can be cured very soon with homeopathy. I started on homeopathy and had a total relief within 20 days.

would like to express my sincere thanks to Dr. Mehra and team,

Amrita Sahoo
